WORKSHOP

The Leadership Mastery Series

The Power of You!

Based on the success of our first online cohort, NYSCATE is excited to, once again, offer Leadership Mastery: The Power of You!

- Break through the endless cycle of negative moods and resistance that sap so much of your energy.
- Realize your vision and goals and help others achieve theirs.
- Take time to focus on you, and to take care of the parts of you that are essential to being an effective leader.

Leadership Mastery: The Power of You!, is seven week, CTLE approved, online course, designed with the busy educator in mind. This is a chance to join a cohort of like minded colleagues, a caring tribe with a 'no colleague left behind' spirit. We'll build your confidence and help you discover the powerful leadership presence that is you.

"I found this course to be inspiring and rejuvenating!"

"I loved the personalized attention and immediate feedback!"

Your Mission, if you choose to accept it, is over the 7 weeks of the course, to discover your own power and cultivate a leadership presence that others respect, trust, and follow, so that you can achieve your vision, goals, and objectives, help others achieve theirs, and create the amazing schools our children deserve.

Meet Your Instructor
